

Shin Yat Tong On Yat Kindergarten

Notice of school closure on September 12, 2025(Friday)

Dear Parents,

Today, our kindergarten received a notification from Link REIT Property Management Limited that their Shun On Property Services Office will be conducting routine electrical system inspections on Friday, September 12, 2025, from 9:00 AM to 6:00 PM. During this time, the electricity, drinking water, toilet flushing water, fire hydrant, landline telephone, and internet systems will all be suspended, which will affect our kindergarten. (A document from Link REIT Property Management Limited is attached for your review.)

Due to the absence of electricity and drinking water, the school's fire alarm system, classroom lighting, and air conditioning system will also not function. Therefore, our kindergarten will be closed on that day. All children should stay at home. We kindly ask for your understanding and cooperation and apologize for any inconvenience this may cause. Thank you!

Yours faithfully,
School Affairs Office
