- Cultivating correct values in children

## 活動簡介

K2 Children of Shin Yat Tong On Yat Kindergarten and their parents attended the "Little Coffee Bean Children's Theatre" organized by (ICAC) at the Kai Tak Community Hall. The Little Coffee Bean and Snow Bean puppets on stage were vividly portrayed, and the plot closely reflected the children's daily lives. The children were highly focused and engaged in the play, actively raising their hands to respond when faced with multiple-choice questions. Through interaction with the characters, they considered whether to tell the truth in a relaxed atmosphere and even sang the theme song," promising to be honest children. This activity helped the children understand that telling the truth is the right choice and that admitting and correcting mistakes is very important. Through this high-quality moral education activity, the seeds of honesty are slowly planted in the children's hearts, nurturing them to become upright and honest individuals as they grow up.
