活動簡介

The Inspiration Lake Recreation Centre spans 12 hectares and is perfect for families. Children can stroll along the lakeside with their teachers, enjoying the scenery along the way. They can also share their own food on the lawn or under the trees, experiencing the refreshing autumn breeze and the sounds of birdsong and fragrant flowers. The centre features four different games at four different locations: "Colorful Face Painting," "Happy Rainbow Umbrella," "Little Artist Leaf Collage," and "See Nature More Closely," allowing children to participate and explore nature through play.
