學年

2025-2026

年級

K3

活動名稱

Visit Sau Mau Ping Police Station

活動目標

- Get to know police equipment, uniforms, and workplaces.
- Understanding the daily work activities of the police station
- Raising children's awareness of the law

活動簡介

Kindergarten students, led by their teachers, visited the Sau Mau Ping Police Station. Uniformed officers demonstrated commonly used police patrol equipment, including handcuffs, extendable batons, pepper spray, communication devices, video cameras, and pistols, explaining their uses. The children listened attentively. They saw different types of police vehicles up close and even had the opportunity to ride police motorcycles, experiencing what it's like to be a little police officer.

Finally, the children presented handmade greeting cards to express their gratitude for the officers' hard work. This visit to the police station not only helped the children understand the daily work of police officers but also enhanced their awareness of the law and taught them to work together to protect community safety.
