Name of School

2023-2024

School Year

K3

Grade Level

Name of Activity

Visiting Lions Nature Education Centre

Objective(s)

- Know the names of different shells, insects and fishes
- Name the characteristics and habits of insects
- Cultivate an attitude of caring of nature

Brief Descriptions:

For April, spring is coming. Our children gone to Lions Nature Education Centre for outdoor learning. They visited different exhibition halls and observed seasonal crops, such as corns, dragon fruits and bananas. Children learned a lot interesting things.
