

# Kindergarten Education Scheme

## School-based Learning Activity of Chinese Culture

### Display Form

**Shin Yat Tong Yat Tung Kindergarten**

Name of School

**2024-2025**

School Year

**K3**

Grade Level

**Name of Activity**

Visiting patriotic education centre

**Objective(s)**

- Understand knowledge about China's aerospace technology (names of Chinese astronauts, the work of astronauts, etc.)
- Explore the operating principles of spacecraft
- Learn the resilient spirit of astronauts

**Brief Descriptions:**

The kindergarten led the parents of the senior class and the children to visit the "Patriotic Education Support Center." First, the parents attended a seminar on "How to Cultivate Children's National Awareness." Afterwards, they visited the Aerospace Center together with the children, allowing both parents and children to gain a profound understanding of the great history of China's aerospace achievements.

**Record of Activity (E.g. Children's Work / Photos / Videos of the activity)**
