

Kindergarten Education Scheme
School-based Learning Activity of outdoor experiential learning
Display Form

Shin Yat Tong Yat Tung Kindergarten

Name of School

2025-2026

School Year

K3

Grade Level

Name of Activity

Visiting Life farm

Objective(s)

- Understand the basic skills and methods of planting.
- Learn how to sow seeds and loosen the soil.
- Cultivate an attitude of loving and caring for nature.

Brief Descriptions:

Our kindergarten and the K3 children went to Life Farm for a one-day little farmer experience. The children learned to loosen the soil, sow seeds, and harvest. Everyone took a big radish home and felt very satisfied.
