Name of Activity

Visiting Hong Kong Railway Museum

Objective(s)

- Understand the history of Hong Kong's transportation development.
- Explain the differences between trains in the past and modern railways.
- Cultivate an attitude of obeying rules when using public transportation.

Brief Descriptions:

Our kindergarten took the younger children to visit the Hong Kong Railway Museum. Through this nostalgic railway journey, the children learned about Hong Kong's long railway history and development, and gained an understanding of the facilities and appearance of the old train stations.
